The Regional Science Academy (TRSA) on:

A Happy Marriage: Regional Science and Spatial Planning in the Digital Age

August 26th, 2019

Venue:
Room: 101, IUT Building, Lyon, France

This venue is organised on the occasion of the ERSA Conference in Lyon, August 27th -30th, 2019. This meeting is open for all participants of the ERSA Conference and aims to celebrate the scientific ambition of this international gathering.
The Regional Science Academy (TRSA)

Scientific Programme of ABC

Monday, August 26th, 2019

Room: 101, IUT Building

13:30  Coffee and Welcome by: Louafi Bouzuina (Chair ERSA 2018 LOC) and Peter Batey (President TRSA)

Afternoon session: Chair: Karima Kourtit

13:45  Peter Batey

Regional Science and Spatial Planning: the Need to Re-Connect

14:15  Daniel Czamanski

The Contribution of Regional Science to Planning

14:45  Tomaz Dentinho

Regional Science and Spatial Planning: A Challenging Marriage? Learning from the Successes and Failures of Four Master Plans

15:15  Coffee Break

15:45  Robert Laurini

Modelling Knowledge for Regional Studies

16:15  Marina van Geenhuizen

Citizen’s Participation: A Driving Force in Regional Science and Spatial Planning?

16:45  Sumona Banerjee

Possibilities and Directions for Regional Science in India

17:15  Close of Session
Tuesday, August 27th, 2019

Room 101, IUT Building

Morning session: Chair: Tomaz Dentinho

08:45 – 09.00 Coffee

09:00 Paul Snow
  Computational Regional Science: New Wine in Old Bottles?

09:30 Miruna Mazurencu
  New Developments in City Attractiveness

10:00 Mia Wahlstrom
  City Love for Swedish Cities: a Structural Equation Model for Place-based Love for Swedish Cities

10:30 John Osth and Marina Toger
  Geometry and the Friction of Distance: A Mathematical Analysis of the Decay Function in Spatial Accessibility Measures

11:00 – 11:30 Coffee Break

11:30 Lily Kiminami
  Long Distance Dating and Neighbourhood Relationship

12:00 Joao Romeu
  Tourism Planning: Destination Management and Sustainable Development though the Common Lens of the Commons

12:30 Oto Hudec
  Stepping Out of the Shadows: The Legacy of the European Capital of Culture

13:00 – 13:45 Light Lunch offered by the ERSA Local Organising Committee

13:45 Martin Andersson
  Microgeography of Spatial Externalities and Spatial Planning

14:15 Soushi Suzuki
  Performance Assessment of Asian Super Cities by means of Super-efficient DEA

14:45 Amit Batabyal
A Political Economy Model of the Ganges Pollution Clean-up Problem

15:15 Great Minds in Regional Science

Peter Nijkamp on Jan Tinbergen, a Great Mind, A Human Scientist

15:45 Close of ABC: Peter Batey
